Dawson Creeping Lawngrass

Dawson Creeping Lawngrass

Dawson Creeping Lawngrass has couch-like appearance but with a softer feel and deeper colour. It only throws a seed head in winter and can be mown taller for best effect.

Some of the benefits of Dawson Creeping Lawngrass are

1. Low maintenance, hard wearing, naturally low growing
2. Stays blue green with less water and fertilizer than common grasses
3. Adjusts to a wide range of soil types
4. While drought tolerant it thrives in hot, humid conditions
5. Resists insect and disease attack
